

IEEE/SICE SII 2024

International Symposium on System Integration

HA LONG, VIETNAM 8-11th January, 2024

Ha Long Bay

IEEE/SICE SII is the premier symposium series presenting the state of the art and future perspectives of system integration, where industrial experts, researchers, and academics share ideas and experiences surrounding frontier technologies, breakthrough and innovative solutions and applications.

The 2024 IEEE/SICE International Symposium on System Integration (SII 2024) will be the 16th symposium on system integration. System integration is one of the key technologies and the integration of hardware and software is especially important to solve the industrial or social system problems in the new century. This symposium focuses towards new research and industrial application of system integration, and discusses approach and methodologies to improve effectiveness of system integration.
